

Who Are We Serving?

June 24, 2000

The dream unfolds as I see a pickup truck driving around picking up people. The people are fighting one another to get into the pickup. The pickup heads out on the highway and arrives at what looks like a large grain elevator. The pickup turns right off of the highway into the drive of the elevator. On the left side of the road, train tracks are being constructed and they lead into the elevator. There was lots of security around the train tracks on the left side of the highway. In the dream I knew that there was much opposition to the tracks being laid in that area.

Upon arriving at the elevator we were told to get out of the pickup. We were escorted into the elevator and taken up to some level within. It was like a dormitory but yet it was not. It was a place for meeting and sleeping. There were lots of other people there and I knew many of them. The first day on the job was easy and a short day. That night at the gathering place we were given the opportunity to accept the Muslim religion. Those who did not were given more dangerous jobs the next shift. I was required to go to the top and work on the roof that shift. Upon reaching the top, I saw the roof which was round turning and rotating. I was forced to jump on the roof from the entry point. There were no guard rails for safety. After the shift, again I and others were told to accept the Muslim religion. Again I refused. In the next scene I am in a small room washing it down and cleaning the room. I realized that this room was part of a nuclear reactor and it was a hot room. I knew then I was doomed and this was my punishment for not converting to Muslim. The dream ended.

Interpretation from the Holy Spirit.

As the debts of the people become huge and cannot be paid due to easy credit, the government and large business will offer these short time jobs with the promise your debt will be canceled. Christians and non Christians will fight one another for these jobs. Unbeknownst to the people who get these jobs, it is their death sentence. If the government religion is accepted, their death will not be as quick. This particular business was making plutonium to sell to other governments in the world. There was no safety protection on the job site. It will be the same with all the other businesses the government is involved in. Human lives do not matter, just get the product finished and delivered.

Proverbs 22:7 ⁷ *The rich rules over the poor, And the borrower becomes the lender's slave. (NASB)* **Matthew 6:24** ²⁴ *No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon. (KJV)*
