The dream I had from this night was very vivid in detail and color. It began after I reloaded our wood stoves at 3:00 AM. As the dream continued until morning, I awakened myself twice telling the Lord I did not like the dream and would rebuke the dream. Then as I went back to sleep the dream continued from where it was when I forced myself to wake up.

The dream began and I was in the mist of many people that belonged to a Mennonite denominational church. They were a family all related by blood. They had many things which included big sheds with many vehicles, the latest large music systems, and all the tools to do any kind of mechanical work that would be required in a farming situation. I was alone with the group and asked to be taken back to my home. I had no transportation at their location.

In the next scene I was walking with one of the persons from their sheds in the middle of a great multitude of fields that was farm land with no buildings of any kind. All I could see for miles and miles were fields of green growing corn, milo, wheat plus many other crops. In the distant I could see tall grain elevators as one would see in western Kansas. I also could see in the distance towering stacks of an oil refinery. I started walking by myself in the direction of the grain elevators.

Suddenly I was doing battle with self automated farm machinery that was attacking me. These machines would try to run over me, strike at me with their many moving arms and spray chemicals at me. I was always attempting to climb upon the machines to get to the controls to shut them off. There were many different kinds of the machines I encountered as I progressed toward the far off elevators. I would at times see many people working in and around the machines and servicing the machines. They were very dirty and offered me no assistance in battling the machines that would come at me. At times there would be two or more machines trying to stop me. I never was successful in shutting off the machines but always moving toward the elevator in the distance fighting with different machines that were offended by my presence but I was never harmed in any manner. They were acting as though they were protecting the crops in the fields.

These battles continued in the dream until I awaked this AM February 13, 2006. I said "Lord this has to be of you because of the clarity of remembering the dream, the color and the details of the many different machines in the dream. What does this dream mean?"

This is the Lord's teachings. "Those who obey and have prepared as I have commanded them will be sent into the denominational churches that have fields ready for a harvest. I have called many for this harvest that have not obeyed and they will try to harvest but without success. These churches being the machines in the dream have many worldly possessions claiming they do My works but their

people have been misled covered in sins they know not of. It is time to separate the wheat from the tares. When the call comes to be sent, the days will be long and the labor hard with the battles being many. But when I say go it will be my harvest of the ones I have marked. The harvesters will be protected by My angels and under My shadow with no harm coming to them. The task will seem insurmountable but fear not for My Spirit will be upon you with power and authority from heaven. I will have prepared the way making the harvest ready. You will be overcome removing the wheat from their present fields to the distance fields I have prepared to be fed the proper diet to become My Church that I will come for. I first must prepare My Church before I come. I tarry not, I come.”

Again the Lord gives confirmation and details of what He is doing as He prepares those He will use in the harvest. As the Lord said Sunday morning in church during praise and music time “it is My move”. Then He brought to my mind of the game of chess. When it is the opponent’s turn, we continue to prepare our strategy as we anticipate what our opponent is planning. God said “it is My move”. He is the one that will prepare the way opening eyes to see and ears to hear to make ready the harvest. He is the one who will prepare those He has called if those called will obey what the Lord has commanded and prepared accordingly. He is the one who will say now go and harvest it is your time to move. The harvest will become the Church Jesus Christ is coming for. He will be the head of His Church. He will set up in His Church His government of the apostles, the prophets, the evangelists, the pastors and the teachers, those who do miracles, some having gifts of healing, those who help others, those who can get others to work together, and those who speak in unknown tongues.

All will be His body in one accord loving their lives not unto death obeying what the Spirit is saying. In this Church Christ will pour out His anointing without measure among His body to do the works He did and greater things. If we remain faithful in what the Lord has given each of us by the Holy Ghost and continue to obey and grow and mature in Christ, then we will become part of that body of Christ His Church. Growing to maturity in Christ, we will no longer be like children forever changing our minds about what we believe by every wind of the doctrines of men being cleverly lied to that makes the lies sound like the truth. Instead we will have been born of water with earthly witnesses and of the Spirit with heavenly witnesses of speaking in new tongues. We will have put off the old man and put on the new man in the image of Christ. We wash ourselves in the Word of God finding the truth with the Holy Ghost being our teacher because we are born of the Spirit being of and in the spirit and not being in our carnal mind. We will know the Father, the Son and the Holy Ghost intimately by the time we spend with them in our prayer closet. By breaking the bread and drinking the wine daily we always remember Christ’s death on the cross and what that death did for

all of us that partake of Him until He comes for His Church without spot or wrinkle being holy without blemish.

By doing these things we will always be ready for His coming. By doing these things we then can move beyond the doctrine of Christ coming into perfection of Christ. We will know longer have to lay the foundation of repentance from dead works having faith toward God as we pray in the Holy Ghost. We will understand the doctrines of baptism, the laying on of hands and the resurrection of the dead. We will know about eternal life being ready at all times so if we die or Christ comes before we die we will be with Christ forever. We will move toward further understanding of God living in His blessings and He will supply all of our needs according to His riches in Christ Jesus. Because we have sought the kingdom of God and all His righteousness that being first in our lives then God will add all the other things unto us of this world and the world to come as we live in this world. This will give a taste of the future glory we will have in our resurrected bodies of who Christ was first.

If we walk not in obedience to the Father, the Son and the Holy Ghost, we will be disappointed on the day we die or Christ comes because we never did the will of the Father coming into the perfection of Christ by God's order and the commands of Jesus Christ. Instead we will have followed the doctrines of men being deceived doing salvation our own way losing what we thought we had and hearing Jesus say **“Matthew 7:23 And then will I profess unto them, I never knew you: depart from me, ye that work iniquity.”** (KJV) We must examine ourselves to see if Christ is in us otherwise we are reprobates believing in all of our hearts we are of God and his works knowing not or doing not the truth of His word being held captive by false teachings from hirelings that tickle ears because we know not the Word of God by the teachings of the Holy Ghost being in our carnal minds claiming life but loving death. Amen.
