I had a dream about spreading mature. The man in the dream was using a tractor that was not his and it had no air filter installed. The VAC Case tractor I drove on the farm when I was growing up was in the dream. The man attached a loader to the tractor so I could help spread the mature. The mature was piled high as it dried out. The other mature was liquid running everywhere. As the mature was spread it got all over a person and the equipment being used. The mature was as far as the eye could see as one stood on top of the dried piles of mature. It took all of our time pushing the liquid mature around. Upon trying to leave the area became impossible. The exit could not be located. Upon trying to leave, I looked back and saw our new pickup sitting in the liquid mature with the grill coated with the mature.

On January 20, 2004 the Holy Spirit gave the interpretation of the dream. The mature is the doctrines of churches being spread around the world by the commands of the church leaders that are not in the will of the Father. We must remember that as we serve the Lord we must wait upon the Lord for His timing.
