In this dream last night I was at a large rodeo. The crowds were of multitudes. In the dream the crowd's minds were being controlled by the Chinese. Upon awaking the in the night the Lord warned about mind control being used in the future with large gatherings of people. This is all he showed me. It was just a warning of what is coming. Again we must wait upon the Lord to give us more information and not try to fill in the gaps ourselves. Further teaching from the Lord 03-15-05—"Mind control can be of man's technology by machines or by a chosen speaker with his people seeded within the masses listening to that speaker calling out in agreement with that speaker stirring up unity within the masses for good or evil."
