I had a restless night of sleep having pain in my right shoulder blade area, right shoulder joint and in the front of my right rib cage. After wrestling the bed at 2:00 AM the Holy Spirit said to go to the basement. I went to my prayer closet and shut the door and started praying in the spirit. The Holy Spirit said pray with my eyes open. Walking and praying I bound and rebuked the devil. There are two closet door side by side in my prayer closet. I was standing between the two doors praying. The Holy Spirit said to open both doors. I did. A short time later the Holy Spirit said open the door of my prayer closet and I did. I continued to pray in the spirit and the Holy Spirit spoke—"As you opened the doors in the physical, I have open all doors to you in the spiritual and the physical. Be warned; only go when and where I send you. Do not enter the physical doors on your own. If the circumstances dictate then go through the door. If you had not obeyed and opened the doors in you room, I would not have opened all the doors for you." By this time 4:00 AM most of the pain had left my body.
