Destruction of Power & Plans of Evil

This is the dream or parts of the dream that remain with me this morning. The Lord said to type the dream and He would tell me what it means.

In the dream I was traveling by a place that had a pickup camper parked off of the pickup. The camper was totally destroyed by fire. Later in the dream I saw that the camper had been replaced with a new unit. Again when I went by, I saw the camper was destroyed by fire with only the framing of the camper remaining. Then on a lot we used to own I saw the transformer on the wooden utility that supplied electric power to our home. Beside that pole was now a larger steel pole with all multiple transformers on it that was supplying additional power somewhere. That is the dream.

This is the Lord's message from the dream. "The first camper represents destruction of homes and cities in My judgments. If they rebuild upon what I have destroyed it will be done again because they have not repented of their sins. The larger utility pole represents the hunger and thirst of power this nation desires and requires as it builds on a foundation of lies, lust and murder worshipping other gods on the earth and under the earth. That power will never be achieved because I am no longer their God. Without repentance their plans, their construction and their bodies will be returned to the dust of the earth from which they came. They may make their plans for evil but I direct their steps to hell without repentance. If they repent and make plans for good, I will direct their steps for heavenly ways." Amen.

My heart breaks and grieves each time I receive these messages from the Lord. The grief is so consuming that at times I must walk away from these works the Lord has give me. Yet my heart burns and I have no peace if I leave the work unfinished. I always return and work toward the completion the job I have been given. From this experience, I think perhaps I understand how the prophets in the Old Testament were consumed in spirit, mind and body to shout the messages that they were given. Yet all their work came to naught because the Lord's words went unheeded. They are my example of faith as I follow in their footsteps knowing that what I speak from the Lord will also be ignored, cursed or laughed at being called a crazy old man with a motor mouth. As long as the Lord continues to use me as one of His spokesman, I will continue to remain faithful in speaking His messages with a broken and grieving heart knowing there will be no blood of those consumed in the Lord's judgments upon my hands.

Dear Brothers & Sisters in Christ,

We have become a nation wallowing in many sins such as disobedience to the word of God walking in darkness with evil calling it good. We say all is okay and nothing will happen to us. Why, because this is what we hear in the churches, the news media, and from the government. The lies of we are okay and nothing will happen to us have been spoken for so long; we now believe them as the truth. What does God say? God says in *Amos 9:10* *All the sinners of my people shall die by the sword, who say, Evil shall not overtake nor befall us.* (Darby's)

God is setting up our destruction from within the very government that is to protect us. We as Christians and citizens have been lured into a drugged stated of numbness and sleep by that government along with the new media. If we do not wake, up many of us will die by the sword of judgment prepared by the Lord. I am only a watchman on the wall crying out the warnings of the Lord. Who will wake up and seek God with a repentant heart to find and do His will to be part of the body of Christ? God is calling us to Himself by His Holy Spirit but if we don't answer, what awaits us? My heart has cried out this day as I share part of His grief that He has placed upon me.

In His Service
Yesterday, today & forever,
John A. Kropf
