Brothers & Sisters in Christ,

Yesterday May the 27th I received a revelation from God. I cannot even remember what I was doing at the time. God impressed upon my mind and I could see the form of the letter in the Spirit and immediately knew what the letter contained. I knew that I was supposed to write this letter. Later that morning I entered my prayer closet and the Lord said 'write'.

I knew this was a new level of service for the Lord. After finishing the first draft of the letter and the final editing by the Lord, the Lord said sign it before you send it out. The Lord has showed me again that He is not a fierce angry God but He gives his children mercy time after time as well as nations. In His mercy if we repent not, He will judge us because He loves us that none be lost. The Lord is giving this nation another chance to repent and turn our hearts back to Him with obedience that we may walk in the truth of His word.

Please read the letter that follows and pray to the Lord in the name of Jesus for guidance. If in your heart the Holy Spirit leads you to participate in what he has laid out, then e-mail me and ask for the "Fellow Americans" letter. After you read the letter you will understand better what I am talking about.

In His Service,
John A. Kropf

Fellow Americans',

This country, the Republic of the United States of America under the Constitution "of we the people" has been taken away from the citizens naturalized and born by government officials elected and appointed that are unmoral and corrupted.

A REPUBLIC is a state or nation in which the supreme power rests in all the citizens. This REPUBLIC the United States of America has a chief of state being the president elected by the electoral college that represents the people of each state. Other officers and representative of the government are elected by the

people to represent” we the people”. These elected representatives are empowered by the Constitution to appoint other citizens to fill positions as required by the Constitution and laws passed. The elected and the appointed are responsible and answerable to the citizens of the REPUBLIC. The elected and the appointed are to govern according to the laws of the REPUBLIC and the Constitution of the REPUBLIC being not above the law. “We the people” have the right to remove those elected representatives and the appointed if they fail in their sworn duty to the Republic of the United States of America. If these elected and appointed by their actions disregard the sovereignty of this REPUBLIC by passing laws to destroy or weaken sovereignty of this nation “we the people”, they have become traitors committing high treason. By the treason being committed “we the people” have become slaves to this oppressive and lawless government that eats away at each citizen like cancer. This has not happen just yesterday or today but over generations. In this day we see the results if we know the story of the camel sticking his nose under the tent because it was cold outside. Fellow Americans’ the camel is in our tent and look at the results.

1. The current President of The United States of America has trashed and cursed the Constitution of this nation making himself above the law and the Constitution of this Republic of The United States of America.
2. Members of Congress lacking courage have not upheld the Constitution being bought and paid for by illegal funding. They bow down to those masters being deaf to “we the people”.
3. The Supreme Court has disregarded the sovereignty of the nation and its laws by basing their decisions on the laws of other countries. Where is their allegiance, for The United States of America or other world governments? They make decisions usurping the rights “of we the people”.
4. The Government law enforcement agencies that are sworn to uphold the laws of The United States of America refuse to do so. Instead they operate as the Gestapo (a secret-police organization employing underhanded and terrorist methods against **persons suspected of disloyalty**) as Germany did. Today these SWAT teams enforce the law with brutality. They break and ignore the written laws with immunity. “We the people” have lost our Constitutional protection being called terrorists without proof and sometimes without recourse being guilty without trial or a jury of our peers.
5. When Americans’ band together and uphold the laws and the Constitution of The United States of America doing what the Government should be doing, they are called vigilantes obstructing the law by the Commander in Chief of this nation.
6. The elections are a joke and voting machines make our voting efforts worthless because only those who are to be elected will be elected by electronic thievery. The caste system is alive and well in this nation and only those who are approved by others in the upper crust of the caste system may run for election. There are no Democrats or Republicans; only the caste

system. Caste: a division of society based on differences of wealth, inherited rank or privilege, profession, or occupation. The America middle class is being destroyed to make this another third world country.

7. There is no Federal in the Federal Reserve System. The Dollar is fiat money as well as the rest of currency of the world. The Federal Government years ago sold the sovereignty of our money system to the world bankers. We are their puppets dancing to their whims and desires. Fiat money: money (as paper currency) not convertible into coin or specie of equivalent value.

Fellow Americans', all elected officials and appointed officials have sworn an oath to uphold the Constitution and the laws of this Republic as well as all officers in all military branches. Have they done so? The answer is no. Now the camel is in the tent doing as he pleases speaking blasphemy and lies to the citizens of The United States of America. What is the one word describes the atrocities that Federal Government is committing against all Americans'? The word is TREASON. TREASON is the violation of the allegiance owed to one's sovereign country. TREASON is betrayal of one's country.

It is time "we the people" take our Government back by filing charges of TREASON against this current Government built on lies, smoke and mirrors. I ask, is there an American or Americans' that know the law on how to press charges of TREASON against this current Federal Government? Let us join together to do so. E-mail this letter to all on your list if you want to help to take back our Government **by the law** and not rebellion. Let us use the internet as our Paul Revere in this day shouting TREASON-TREASON and be "we the people" by our actions. With one voice "of we the people" let us bind together to speak and act in unity. Freedom is not free and "we the people" are no longer free but slaves trying to satisfy the hideous (morally offensive, SHOCKING) laws of the Federal Government. We must be willing to put actions behind our words to be free. Are we willing to pay the costs to obtain this freedom? Any action on our part will be met with the full power of this corrupt government. If our cause becomes too great for this corrupt government, they will fear losing their power over us. That fear could become so great that we could be called terrorists with Marshall Law being enforced to stop us. Let us have faith in our motto "In God We Trust".

By my faith in God and Jesus Christ with the power of the Holy Ghost, I put my name and e-mail address to this letter. My Fellow Americans' I pray that you have the courage to add your name below each signer as you send this letter on by Paul Revere the internet. May the Lord bless our legal course of action to take back "we the people" and put God back in our society as our Fore Fathers did. Let us follow their examples and **again become free men** in this Republic of The United States of America.
